Mr. Wallace A. Sabin,
3124 Lewiston Avenue,
Berkeley, Calif.

Dear Mr. Sabin:

That is a kind letter-- and I am sure that you will like the Songs.

I am much more concerned to make these Flowers of our Lost Romance bloom again in the jazz-grown gardens of my countrymen than in the Book I shall have to do ultimately for the Folklorist, of the simple melodies with Spanish words and interlined translations. This will be very fine for the student one hundred years from now; but these Songs are not curios nor museum specimens, but a living part of Life; and it is so that I would like to save them.

I am mailing your copy under another cover.

With best wishes,

Sincerely Yours,
